How to make a submission about the NDIS Bill

This document was made by Inclusion Australia.

Where we say ‘we’ it means Inclusion Australia.

We made this information to help people understand how to make a **submission** to the Government on the changes to the NDIS.

Making a submission helps you to:

- Have your voice heard
- Tell the Government how changes to the NDIS might affect you.

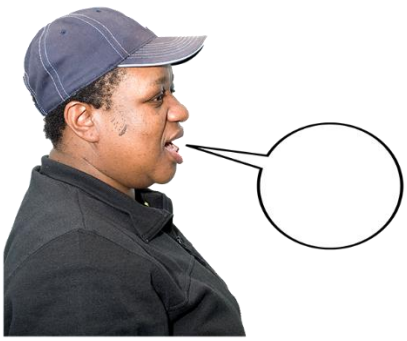
What to say in your submission

In your submission you might want to talk about:

- Why your NDIS supports are important to you

- What might happen if you cannot get NDIS supports anymore

  For example your supports at work or in the community.



You can share your own story if you want.

Sharing your story will help the Government understand how the NDIS helps people in real life.

Your submission does not have to be big or long.

You can say as much or as little as you like.

Inclusion Australia has made an Easy Read document on what we think about the NDIS Bill.
